PROFESSIONAL SUMMARY

Experienced UI Automation Test Engineer specializing in **JAVA, Selenium WebDriver, Postman, Regression Testing, Functional Testing and Mobile Testing.**

WORK EXPERIENCE

Insightmobi Solutions Pvt Ltd

QA Engineer

Bengaluru, India

September 2021 – Present

- o Developed robust automated test scripts with **Java** in **Selenium WebDriver** and utilized **Cucumber BDD** framework for organized test suites, enabling comprehensive web application testing.
- o Conducted comprehensive UI testing, defect identification, and verification of fixes, while also executing regression, functional, integration, and smoke tests for application stability and quality pre-release.
- o API testing using **Postman** and Experience in handling the defects throughout the bug life cycle from detection until resolved using **JIRA**.
- o Streamlined project builds using **Maven**, resolving dependencies efficiently for smooth integration.
- o Effectively managed source code using **Git and GitHub**, enabling seamless collaboration and continuous testing for rapid feedback and bug resolution.
- o Logged defects in **JIRA**, providing detailed steps to reproduce, severity levels, and relevant screenshots or logs.
- o Analyzed software requirements, created comprehensive test cases, and designed test scenarios and test cases based on requirements and user stories.
- o Conducted various types of testing such as **functional, regression, data base, system, acceptance, and usability testing**.
- o Participated in daily stand-ups, sprint planning, retrospectives, and all **Agile** ceremonies.
- o Provided the quick fixes and patch for the corrupted customer application.
- o Identified, documented, and tracked software bugs, verified fixes, and performed regression testing.
- o Worked in production support involving root cause analysis and recommendation process.
- o Worked closely with Client and Project management team to understand the **business problem**.
- o Team player with Good Communication and Inter-Personal skills.
- o Ability to Multitask and Meet Strict Deadlines

SKILLS
